Intermodal Agent Recruiter Apply Today

Great opportunity to join a fast growing intermodal trucking company with a national presence of over 700 trucks.

This a highly compensated role, consisting of a base salary plus recurring commission, health and dental benefits, the ability to work from home and more.

Candidate Requirements:

- Five years of experience recruiting intermodal trucking agents
- Strong communication and sales skills
- Travel Required

Send resume to TT Box 13710.

Business Development Executive

KoolShot Expedited is the newest company in the family of carriers including KLLM Transport Services and FFE Transportation Services. We rank as one of the largest players in the temperature controlled space and collectively have over 120 years of industry experience.

KoolShot Expedited is expanding our Life Sciences, Pharma and Healthcare Business Unit and is looking for a Business Development Executive to facilitate this growth. The Business Development Executive will enjoy a home office work experience, with travel as necessary. This is an excellent opportunity for the right candidate to join a network of dynamic and growing transportation companies. Compensation includes a competitive base salary commensurate with experience and a best in class commission structure.

The successful candidate will possess the following attributes and credentials:

- Minimum of 3 years experience selling to high level healthcare executives with a proven success rate.
- Minimum of 5 years experience in the transportation industry, dedicated contract carriage and temperature controlled knowledge a plus.
- Entrepreneurial work ethic with strategic vision.
- Strong network of pharma and healthcare industry contacts.
- Minimum two year college or university degree.
- Understanding of expedited and dedicated pricing models preferred.

We offer a full benefit package including 401K, group health, life and dental.
FFE Transportation Services is an equal opportunity employer. EOE/M/F/V/D

General Information

PCI means "Per Column Inch." To find your ad's "column inches," multiply the # of columns wide by the # inches long.

For example, a 2 column x 3" ad = 6 column inches.

Minimum 2" purchase required.
